"We have built four homes in the last few years and as you can imagine we have had to deal with many, many contractors, As with any big project there can be some problems along the way and we have certainly had our share. In July of last year we completed our fourth home in New Berlin. Shortly after we moved into our home Mike appeared at our front door and gave us a packet with information about Breezy Hill. At least three other landscape representatives approached us before Mike did but not one of them could compare to him, we are all too familiar with the promises some people will make just to get the business. We set up a meeting at our home with Mike to discuss our landscaping ideas. For some reason, there was never any doubt that Mike would take care of us. He was, without a doubt going to get our business."

"My wife and I simply want to write this letter to make you aware of how pleased we are with your company's recent landscape design and installation of our new side drive/front yard. Mike Schenning especially was instrumental on making this project a huge success. Mike and his crew really performed well. Thanks to them our project looks amazing."
